1. Split tour option is a competitive program authorized for the top performers. This program is designed to provide volunteers a concentrated 24 month operational sea tour followed by two consecutive shore tours.

2. If selected for this program I will be assigned to an operational submarine for 24 months (operational is defined as no major shipyard/maintenance period). Following this tour, I will be assigned to a Nuclear Prototype Training Unit (NPTU) (nominal tour 24 months) or a Pre-Commissioning Unit (PCU) (nominal tour 18 months). After my NPTU or PCU tour is complete, I will be allowed to pick a nominal 24 month subsequent shore tour from the JO shore slate. If I continue on to Department Head (DH), I will be allowed to choose my homeport location or my platform/DH assignment.

3. I volunteer for (choose one or the other option):

- ☐ All assignments (PCU Norfolk, PCU Groton, NPTU Charleston, NPTU New York)
 - ☐ The following assignments (ex: PCU Norfolk only):
-

4. Note for Immediate Graduate Education Program (IGEP) personnel: IGEP personnel are eligible to apply for this program, but are not be guaranteed a 24 month subsequent shore duty following their NPTU or PCU assignment. Timing will be evaluated for subsequent 1-year sabbatical and shore duty in the same geographic location. Non IGEP personnel who are significantly delayed in the training pipeline may also request for consideration in this program.

5. This is a performance based program. Failure to complete required qualifications or substandard performance can lead to removal from the program at any time and completion of the nominal JO sea duty assignment as decided by PERS-42.
